

Excellence Voices Management (EVM)

Master Specification Document - Version 1

1. PROJECT OVERVIEW

Excellence Voices Management (EVM) is an internal business management system designed for Excellence Voices.

The system will centralize all business operations related to:

- Schools
- School Collections
- Trainers
- Trainer Payments
- Business Expenses
- Capital Contributions
- Reports
- Activity Tracking

The application is intended for internal use only.

Expected users:

- 4 users

Purpose:

- Eliminate spreadsheet dependency
- Improve transparency
- Improve financial visibility
- Maintain organized records
- Support business growth

2. USER ACCESS MODEL

All users can view all information.

Only authorized users can edit information.
